A close-up photograph of a dense layer of small, irregularly shaped gravel stones. The stones are primarily light brown and tan, with some darker grey and reddish-brown hues interspersed. They appear to be of various sizes, mostly between 4mm and 70mm.	52055	GRAVILLON 4/70 (RENDU ILAFY)	68,966.33 Ar	82,759.60 Ar
